O'BRIEN MAKES OVERTURES

Working Agreement With Parlia mentary Party Sought.

Dublin, Isec. 22.—William G'Brien is making overtures to the Parliamentary party, led by John Redmond, for a workhar agreement, and the adoption of a common line of action in the forthcom-ing general election. The overtures have been received in a friendly spirit, but so far there has been no nterview between the leaders.

Mr. Redmond and John Dilion have issued an announcement that nothing has yet resulted from Mr. O'Brien's action.

MISSOURI MANUFACTURING **INDUSTRIES IN FIVE YEARS** SHOW REMARKABLE GROWTH

Capital Invested Leaps Upward 68.9 Per Cent, an Increase of \$154,069,547-Joplin and Springfield Show Greatest Increases, While St. Louis Is Third-Total Product From St. Louis Is \$266,977,953, While Kansas City Is Next With \$35,349,676.

BEEF, MILLING AND TORACCO ARE LEADING INDUSTRIES.

Wyatt Building, 18th and F Streets.

Washington, Dec. 22.—Statistics summarizing manufacturing industries in the entire State of Missouri for the year ending December II, II, 1804, which were made public to-day at the Census Bursau, show that since 1869 the capital invested in the State has leaped upward 65.5 per cent, an increase of 3154,095,57. The percentage of increase in the value of the products of this investment is \$122,185,775, or 35.7 per cent.

19:0. and now there are 6.66, a decrease of 4.3 per cent.

However, it is generally accepted that the progress and prosperity of manufactures are best reflected in figures on the capital, the wage earners, the wages, the value of materials used, and the value of the products. The figures made public to-day include the totals for the State, the totals for eight principal industries in the State, and the totals for the nye principal cities. The latter are St. Louis Kansas City. St. Joseph, Joplin and Springfield. DIZZY PACE.

Kansas City, though last in increase of capital is second in increase of value of products at 6.9 per cent. St. Louis is third with 3.3 per cent, Joplin fourth with 2.3 per cent, and St. Joseph fifth with 12.4 per cent.

BEEF INDUSTRY.

becomber 31, 31, 1861, which were made public to-day at the Census Bursau, show that since 1866 the capital invested in the State has leaped upward 61.9 per cent, an increase of \$15.000,507. The percentage of this investment is \$12,186.00, or \$3.1 per cent.

Tabulation in other States has not been comparisons are not possible. Census Bursau officials, however, say that the increase shown by these igures is nothing short of marvelous and probably in equalled by few States.

ESTABLISHMENTS DECREASE.

The figures on the number of establishments show a slight decrease in the last five years. It is due both to the decrease in the number of census officials in recent years. It is due both to the decrease in the number of establishments and to the inclusion of minor industries in the tables of 1860 that are now omitted because they are not a part of a factory census. There were \$.75 establishments in 1860, and now there are \$.456, a decrease of \$4.3 per cent.

However, it is generally accepted that the progress and prosperity of manufactures are best reflected in figures on the city of the mean products in 1865 was a sight decrease of \$4.50 per cent. Malt illusors ghow a tremendous increase in value-fully \$6 are cont. Malt illusors ghow a tremendous increase in value-fully \$6 are cont. Malt illusors ghow a tremendous increase in value-fully \$6 are cont. Malt illusors ghow a tremendous increase in value to the value of \$2.154.36. Boots and shoes and printing and publishing represent an out-representation of the second at \$2.552.184. Foundry and machine showing almost the same fine show has printing and publishing represent an out-representation showing almost the same fine show has printing and publishing representations are the most value to the most value of the most value of the most value of the most value of the most value to the most value of the most value of the most value of the most value to the most value of the most value to the most value of the most value of the most value to the most value of the most va

CENSUS FOR CONGRESS.

CENSUS FOR CONGRESS.

The census was compiled under the direction of W. M. Stewart. Chief Statistician for manufacturers. It was taken in conformity with the act of Congress of March 3, 182, and is confined to the manufacturing establishments with a product of \$500 and over. It excludes neighborhood industries and hand trades, such as the building trades, dressmaking, custom millinery, custom sawing and grinding, cotton ginning and blacksmithing.

Including these industries there were reported by the tweifth census for Missouri, 18,500 esablishments with 174,575 wage earners and products valued at \$25,62,754. So that now, excluding all the industries included in 1800, there is a much larger value of products than was the case even including all the above classifications. The tables follow in successive groups. The first two grouped are statistics for the State and the five cities. The second two groups deal with the cight industries.

ESTABLISHMENTS. Capital has evidently been flowing into Joplin and Springfield at a diszy pace in the last five years. Joplin has increased in its capital \$9.1 per cent and Springfield 183.4 per cent. Whereas in 1908. \$1.257.5% was invested in manufacturing at Joplin, now the amount is \$2.524.17; and for Springfield in 1800. \$1.252.514, and now \$2.55.75\$. St. Louis is next at \$7.6 per cent. Of course, in the larger cities such increases are accomplished by the investment of an infinitely larger sum. In \$2. Louis it means an added capitalization of \$115.-\$25.55\$.

The cities do not hold the same relation in the percentage of increase in the value of products. Springfield still leads with an increase in value of \$4.2 per cent.

PARDON FOR MAUDE MILLER.

Girl Released From Industrial Home to Accept Position.

REPUBLIC SPECIAL.

Chillicothe, Mn. Dec. 22.—Maude Miller, who was sent to the Industrial Home for Girls from Jopin, has been released by a pardon from Governor Folk.

This is the first time that an inmate of the home has ever been tanfoned by any flovernor. The Miller sir had about eighteen mustbe to serve. Her brother-in-law, who lives in the Indian Territory had made determined efforts to have her released for six months, but the Board of Control refused to allow her to go.

When the Governor's pardon arr well the brother-in-law was on hand, and took charge of the young woman. He said that he would give her a position and pay her 180 a month.

RAILROADS

Road Reduces Its Tariff on Export Shipments So as to Encourage Gulf Movement.

REPUBLIC SPECIAL.

Omaha, Neb., Dec. 22.—The Missouri Pacific has got into the grain rate war. Effective January 1 the road will establish a new rate on all grain between Omaha and Lower Missouri River points, including Kansas City.

This rate will be 5'n cents per 100 pounds, the factor in the rate war raging between Gulf roads and Eastern roads, and it is generally believed to be a pull for Gulf ports as against the low rates to Haitimore and New York.

The St. Paul's new rate on export corn to lialtimore is said to be one of the causes of the new rate. The Missouri Pacific says it means to get in on the ground floor and haul some of the grain. It will undoubtedly control a great deal of the movement on this bests. REPUBLIC SPECIAL

VANDERBILT INTERESTS OFFER PLACE TO RAMSEY.

Pittsburg. Pa., Dec. 22.—Joseph Ramsey Jr., former president of the Wahash, was in the city yesterday. He spent the day in conference with the officials of the Pennsylvania Railroad Company and the Pennsylvania Railroad Company and the Pennsylvania Railroad Company and the Stockholders of the Little Kanawha System, which disposed of its interests to the Vanderblita.

It developed that Mr. Ramsey had been asked to take charge of the road which the Pennsylvania and the Pittsburg and Lake Eric are building jointly from Pittsburg to the South. This report was not denied by any of those who are interested in this new project.

The meeting was called yesterday for the discussion of plans for the new road which the two railroad companies are anxious to build, and they will try to have the plans ready to begin the work of construction in the spring. A meeting has been called for next Tuesday for those who are interested in this project, and it is more than likely the plans of the new road will be completed by that time, and that something more definite with he done.

Mr. Hamsey left for New York, where he will spend the holidays. It is not known whether he will accept the position. REPUBLIC SPECIAL

HARMON FULLY EXPLAINS NEW C., H. & D. POLICY.

Cincinnati, Dec. 22—A degire to avoid poss ble foreclosure was indicated in a statement by Judson Harmon, receiver of the Cincinnati, Hamilton and Dayton, which he made soon after his return from New York to-day. In substance, he said:

Stated briefly, this is the situation up to this hour of the Great Central Railroad affars; The merger of the Cincinnati, Hamilton and Dayton and the Pere Marquette is attacked on the ground that under the laws of Ohio a railroad company has no authority to lease any except a connecting line. The interests which intend to abrogate the Pere Marquette lease claim there was no connection between the two railroads, but one was assumed for the purpose of completing an alleged merger.

The Cinc mant, Hamilton and Dayton will pay promptly all just claims, whether bonds or interest, or other forms of indebtedness, default of which might lead to foreclosure. This policy is agreed on as a means of preserving the property intact, and is one of the results obtained by Receiver Judson Harmon during his visit to New York City. It will include interest on the bonds upon which action was brought in the Seperior Court of Cincinnati recently, asking an assessment of stackholders.

There is a possibility that the holders of Toledo Railway and Terminal bonds

stackholders.

There is a possibility that the holders of Toledo Railway and Terminal bonds may be paid interest thereon when due, although that form of security does not appear in the official statement just is suid by Receiver Harmon.

Judge Harmon announced the personnel of the Great Central operating force, including heads of departments of both roads, will not be disturbed.

It is said that an investigation of the It is said that an investigation of the

It is said that an investigation of the alleged connection with the C., C. & L. and the other factors of the late Great Central system discloses the fact that there is no lease in existence under which the other properties can be held for the C., C. & L.

The recent order of Receiver Harmon from the East forbiddling a continuation of a previously existing condition of freight traffic between the C., C. & L. and the C., H. & D. means that from this time on the C., C. & L. is to be treated as an entire stranger, and is said in some circles to be a debtor of the C., H. & D. circles to be a debtor of the C., H. & D.

ZIMMERMAN SAYS THAT TRANSACTION WAS OPEN.

Cincinnati, Dec. 22.—In an interview published here to-day, Eugene Zimmerman, former president of the Cincinnati, Hamilton and Dayton Raifroad, said:

"If the plans of the Cincinnati, Hamilton and Dayton directors are carried out, as outlined in New York dispatches, it will mean that the Cincinnati, Hamilton and hayton will be clear of the Pere Marquette and the Chicago, Cincinnati and Louisville.

There is positively and absolutely no

Louisville.

There is positively and absolutely no truth in any of the statements made to the effect that there was a stormy conference between Mr. J. P. Morgan and myself. The facts are that I did not have any conference with Mr. Morgan before the purchase of the Cincinnati, Hamilton and Daylen by him, nor after it was turned back to him by the Frie.

Thave received all my money for the Cincinnati, Hamilton and Daylen securities I held so that I have no interest in the properties. can only say that the transaction, from beginning to end, was square and aboveboard, and the full records of the

Appearances Are Entered.

Kansas City Dec. 22—Judge O. M. Spanger, general counsel entered an appearance in the Federal Court to-day for he Burlington Railroad in answer to the attainent returned by the Federal Grand any charging rebating. Judge Spencer lied a stipulation with the Government ited a stipulation with the Government by which his company is given until January is to enter a plea.

George B Thomas the New York freight roker, and his chief clerk, T. B Tactort and George H Crosby, general traffer manager of the Burlington, indicted or conspiracy, entered an appearance, but hid not plead. They furnished bond for lower each through a surety company.

Former Traffic Vice President of food. "Squirrel" Lima Beans, at Two services daily. Ball-bearing shates. From the limit of the contractions to ladies. Good music and special Missouri Pacific Settles on Ranch in California-Health Is Restored.

REPUBLIC SPECIAL.

Los Angeles, Cal., Dec. 22.—From the office of vice president in charge of traffic on the Missouri Pacific and Iron Mountain system to the life of dairy farmer is the transition which A. C. Bird, formerly of Chicago, has planned for himself. Mr. Bird, as is greerfally known, is no longer actively connected with the Gould service, and it is his present intention not to return to the East.

On his ranch rear Compton, only a few miles from Los Angeles, he will conduct a dairy farm. He has been at Lamanda Park, near Pasadens, for several months. Since he contracted a severe case of grip last spring his health has not been good, but now he is almost completely recovered.

Research from Now York stated

but now he is almost completely recovered.

Reports from New York stated some time ago that M. C. Markham, assistant to President Jeffery of the Western Pacific, would succeed Mr. Bird with the Gould lines. But the officials of the Gould lines at the St. Louis readquarters have strenuously decided these reports. The facts seem to be, as St. Louis reports have declared, that Mr. Markham is to be assistant to Vice President Clarke, with the title of investigator, and is to have charge of statistics relating to traffic on the Missouri Pacific and Iron Mountain System. Credence is placed in the St. Louis reports, as it is the opinion among railroad men that Joseph Ramsey, when president of the Walsash, succeeded in preventing Mr. Bird from directing traffic on the Walsash.

Moreover, it is remembered that Mr.

Wabash.
Moreover, it is remembered that Mr. Ramsey, in his contest with Mr. Gould for control of the Wabash, made a strong point of the provisions in the Misouri statute referring to Mr. Bird's case.

It is a decided change for Mr. Bird from the rush and excitement of railroad work to the occupation of a dairy farmer. At the age of C years, after a railroad career extending over forty years, he retires to

ILLINOIS CENTRAL'S FIRST TRAIN IN CUBAN SERVICE.

Gestge B Thomas the New York freight breker, and his chief clerk, T. B. Tacgart and George H. Crosty, general traffer manager of the Burlington, indicted for manager of the Burlington, indicted for canaphracy, entered an appearance, but did not plead. They furnished hond for Leves each through a surety company. Other individuals and concerns recently indicted for giving relates had previously given lends.

Railroad Earnings.

ports of New Orleans and Mobile, we do not intend by any means to disturb our close relations with our other connections. It is entirely foreign to our purpose to interfere with our friendly relations with the Illinois Central."

McKAY IS PROMOTED BY PASSENGER AGENT ROSS.

R. J. McKay, district passenger agent at St. Louis of the Toledo, St. Louis and Western, will be advanced on January 1 to the office of assistant general passenger agent. His headquarters will be at No. 1st North Fourth street, St. Louis. The orificial notice of Mr. McKay's promotion was issued yesterday from Toledo by General Passenger Agent W. L. Ross. The position is a new one, and the appointment is considered, therefore, to be a special compliment to Mr. McKay.

REPUBLIC SPECIAL.

Kirksville. Mo., Dec. 22.—Three surveying parties are at work surveying the proposed new railroad from 8t. Louis Northwest, which is to run through the coal best of Adair County, several miles west of this city. One party from the North is reported to have reached a point in Putnam County, near the Adair County line.

CORONER EXONERATES CREWS. Jury Finds Kinney Was Killed by "Some Unknown Party."

REPUBLIC SPECIAL.

Springfield, Mo., Dec. 2.—The Coroner's jury, in the case of T. M. Kinney, found that he came to his death from a gunshot wound inflicted by "some unknown party." The jury further found that the evidence did not in any manner implicate W. E. Crews.

Kinney, who was a tailor, was shot last Wednesday night as he was entering his yard. Crews, the accused man, is egonerated by the jury's verdict, but he will stand preliminary trial next Tuesday.

The funeral of Mr. Kinney will be Sunday. RETUBLIC SPECIAL
